When do I need IRP Trip Permit?

A 72-hour Trip Permit is required for out-of-state based vehicles with non-apportioned license plates and those with IRP apportioned licensed plates which are not apportioned for Georgia. Permits must be secured prior to entry and must remain with the vehicle while in the state. Trip permits allow interstate and intrastate operation in Georgia. Duplicates and photocopies are not acceptable.

Georgia-based carriers, who are not apportioned to travel in another IRP state, but wish to do so, must contact that state or the wire services to obtain any needed Trip Permit and information on other requirements of operation. If not apportioned for it before entering any other IRP member state, a Trip Permit must be secured and carried in the cab of the vehicle for which issued or the vehicle may be subject to full registration fees in that state and /or fined. Georgia does not sell trip permits to Georgia-based carriers.

When do I need Motor Fuel Use Tax Permits?

If you need to travel out-of-state before you receive your IFTA credentials, you must purchase fuel trip permits to travel in IFTA jurisdictions and for your reentry into Georgia. Your Georgia Motor Fuel Use Tax Permit must be purchased and validated before you reenter the state. A 10-day Motor Fuel Use Tax Permit will be available online.

When do I need Hunter's Permit?

Georgia based owner-operator who was previously leased to a motor carrier and whose current year tag was in the carrier's name but is no longer leased to them, and as a result has no IRP registration. This permit allows an operator to move his empty vehicle from place to place, as needed, in looking for employment.

This permit is valid for seven (7) days for a fee of \$30.00 and will be available online. The original Unladen Vehicle Registration- Hunter Permit must be carried in the vehicle described and a duplicate or photocopy is not acceptable. Georgia will recognize a valid Unladen Vehicle Registration-Hunter Permit issued by another state and allow travel in this state without the purchase of a Georgia Unladen Vehicle Registration -Hunter Permit. Other states will recognize a valid Georgia Unladen Vehicle Registration- Hunter Permit.
