In response to Georgia Governor Nathan Deal's Executive Order declaring a State of Emergency for Disaster Preparedness and the ordering of Georgia state office closures, delayed openings, and early closures within the past several weeks due to inclement winter weather, the Georgia Department of Revenue Motor Vehicle Division has issued an extension on the February International Registration Plan related registrations. The Commercial Registration unit of the Georgia Department of Revenue Motor Vehicle Division advises that a grace period is provided through March 15th, 2015 for all IRP fleet vehicles with Cab Cards reflecting February 28th, 2015.

We ask that this information be shared with law enforcement from each IRP jurisdiction.
